### Head Lice:
Checking and treating children’s hair is a parent’s/caregiver’s responsibility. It is good practice to check your child’s hair weekly for head lice. Sometimes the school community will arrange head checks if there is a community outbreak of head lice. This form is to seek consent for your child’s head to be inspected if the need arises.

I understand and accept that any children found to be infested will be withdrawn from close contact with other children until collected from school for treatment by parent’s/caregiver’s. I understand that I will need to collect my child promptly if head lice are evident as a result of this check.

I give permission for my child/ren _______________________________ to have their hair checked for head lice and eggs. I understand any such check will be conducted sensitively.
